CAREER OBJECTIVE

Computer Engineering graduate with hands-on experience deploying IT infrastructure, developing software, and repairing hardware across academic, industry, and freelance projects. Detail-oriented and quick to adapt, seeking an entry-level opportunity in IT support, software development, or data analytics to apply and grow technical skills on the job.

SKILLS

Languages: Python, Java, HTML5, CSS3, JavaScript

Frameworks & Databases: Flask, MySQL, SQLite

Exposure: Computer Vision & Machine Learning, Cisco Networking Fundamentals

Tools: Git, VS Code

Productivity: Canva, Microsoft 365, Google Workspace, Notion

Other: Documentation & Reporting, Digital Literacy, Problem-Solving, Adaptability, Team Collaboration

PROFESSIONAL EXPERIENCE

IT Support Technician – A-tech Services, San Pascual, Batangas, Philippines

Aug 2025 – Mar 2026

Project-based

- Set up and deployed desktop computers with required applications for project use
- Configured LAN networks with centralized management through an administrator workstation
- Installed and configured e-library systems while ensuring stable internet connectivity
- Assisted with technical and project tasks, including electrical-related work

Software Development Intern – Technos Systems, Calamba City, Philippines

Mar 2024 – May 2024

On-the-job training | 320 hours

- Redesigned the company website using Figma, improving UI layout and usability
- Created tutorial video for HRMS platform highlighting employee features
- Proposed RFID-based school attendance kiosk with visual mockup
- Conducted functionality testing to ensure intuitive user experience

INDEPENDENT PROJECTS

Freelance Electronics Technician

2025 – Present

- Diagnosed and repaired LCD phone displays, hardware components, and software issues on phones, laptops, and PCs
- Designed and delivered Arduino-based projects, managing hardware design, coding, testing, debugging, and documentation

EDUCATION

Bachelor of Science in Computer Engineering

2019 – 2025

Batangas State University (TNEU), Alangilan Campus, Batangas, Philippines

- Undergraduate Thesis: Development of pH and EC Controlled Hydroponic System using Image Processing

CERTIFICATIONS

- Data Analytics Level III – TESDA, Northridge Baguio, 2026
- Google Agile Essentials Specialization – Coursera, Nov 2025
- Google AI Essentials Specialization – Coursera, Nov 2025
- Google Prompting Essentials Specialization – Coursera, Nov 2025
