

RAVEN TAYAB MATIBAG

Computer Engineering Graduate

Entry-Level IT Professional – Support, Development & Infrastructure

Sablan, Benguet, Philippines

ravenmatibag.work@gmail.com | +63 947 539 0848 | linkedin.com/in/raven-matibag-33302b389

CAREER OBJECTIVE

Recent Computer Engineering graduate with hands-on experience in IT support, infrastructure setup, and basic development tasks. Eager to join a professional team in an entry-level IT role where I can apply my technical skills, receive training, and grow through continuous learning and collaboration.

SKILLS

Languages	Python, Java, HTML, CSS, JavaScript
Tools/Frameworks	Flask, Arduino IDE, Git, Figma, VS Code
Databases	MySQL, SQLite
Other Skills	Basic IT Support, Documentation & Reporting, Digital Literacy, Creatives
Soft Skills	Problem-Solving, Attention to Detail, Adaptability, Team Collaboration

PROFESSIONAL EXPERIENCE

IT Support Technician August 2025 – March 2026

A-tech Services, San Pascual, Batangas, Philippines

Project-based

- Set up and deployed desktop computers with required applications for project use.
- Configured LAN networks with centralized management through an administrator workstation
- Installed and configured e-library systems while ensuring stable internet connectivity during projects
- Assisted with technical and project tasks, including electrical-related work and project support requirement

Software Development Intern March 2024 - May 2024

Technos Systems, Calamba City, Philippines

OJT / (320 hours)

- Redesigned the company website using Figma, improving UI layout and usability
- Created tutorial video for HRMS platform, highlighting employee features
- Proposed RFID-based school attendance kiosk with visual mockup
- Conducted functionality testing to ensure intuitive user experience

Work Immersion Trainee 2019

Keppel Batangas Shipyard, Inc., Bauan, Batangas, Philippines

Work Immersion / Human Resources Department (80 hours)

- Assisted with routing documents and administrative tasks
- Digitized employee records for archiving and online access
- Maintained organized documentation and supported HR operations

INDEPENDENT PROJECTS

Freelance Electronics Technician

2025 - Present

Independent Clients – Batangas, Philippines

Freelance | On-Demand Electronics Services

- Diagnosed and repaired LCD phone displays, hardware components, and software issues on phones, laptops, and PCs
- Designed and delivered Arduino-based projects, managing hardware design, coding, testing, debugging, and documentation

EDUCATION

Bachelor of Science in Computer Engineering

2019 - June 2025

Batangas State University – The National Engineering University (TNEU), Alangilan Campus

Batangas, Philippines

- Relevant Courses: Object-Oriented Programming, Data Structures and Algorithms, Computer Programming, Cisco Networking, Embedded Systems, Software Design, etc.
- Undergraduate Thesis: *Development of pH and EC Controlled Hydroponic System using Image Processing*
 - Developed and implemented an automated hydroponic system that adjusts nutrient levels based on image-based plant health detection

CERTIFICATES

Google Agile Essentials Specialization

Nov 2025

Coursera | Credential URL: coursera.org/verify/TYOL5L0Q19QE

Skills Gained: Agile mindset, Scrum roles, sprint planning, retrospectives, productivity tracking, and estimation techniques

Google AI Essentials Specialization

Nov 2025

Coursera | Credential URL: coursera.org/verify/YBKY0H4WX6BN

Skills Gained: AI fundamentals, prompt engineering, responsible AI usage, workflow automation, and productivity enhancement

Google Prompting Essentials Specialization

Nov 2025

Coursera | Credential URL: coursera.org/verify/RLT3S77RDMAH

Skills Gained: prompt design and engineering, advanced prompting techniques, AI-assisted data analysis and summarization, and creative collaboration with AI tools.
